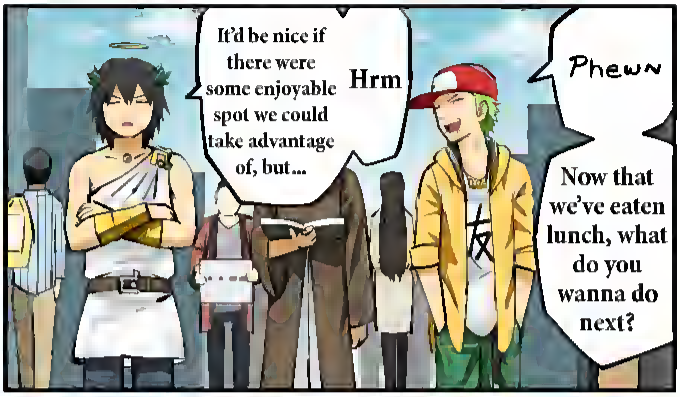
Divine Ability
"The Power to Deepen Love"

A god with a questionable sense for couplings who leads all the cupids.
The harp shaped wings on her back are detachable, and she often plays love songs with them

Hot Spot



It'd be nice if there were some enjoyable spot we could take advantage of, but...

Are you listening?? Get back now! I won't forgive you if you're with another girl
Ah...
A sudden demand from my girlfriend...!

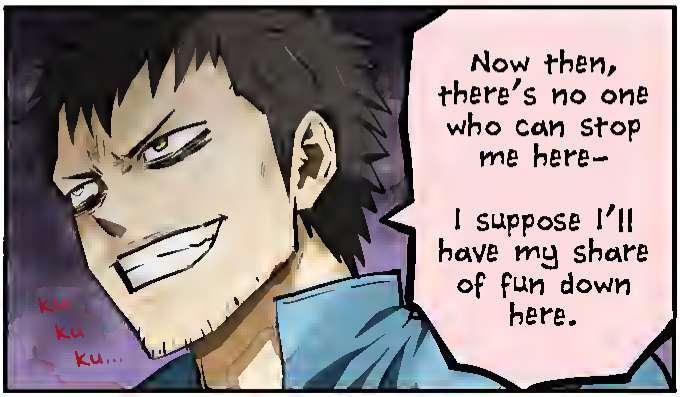
Even that Warlord won't think that I've escaped to the surface world...
Fu fu...



Now then, there's no one who can stop me here-

Think we'll get a peek of what's under his helmet...??
Looks like Warlord's about to go wash his hair.
Hey Norm~
I'm rather reluctant to do that...
.....Are you suggesting that we spy on him.....?

Just that would be too soft...

So you'll be my captive until the day you die~

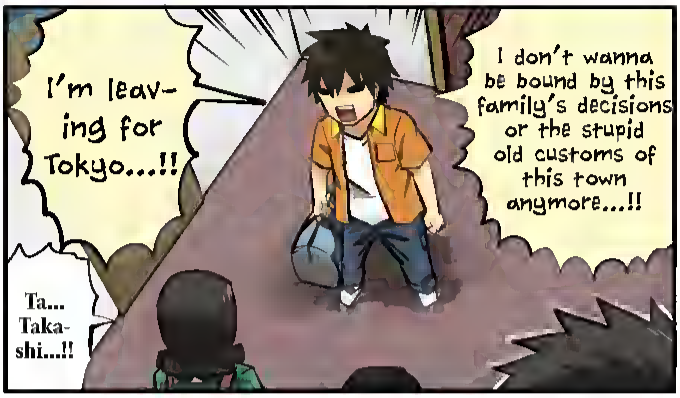
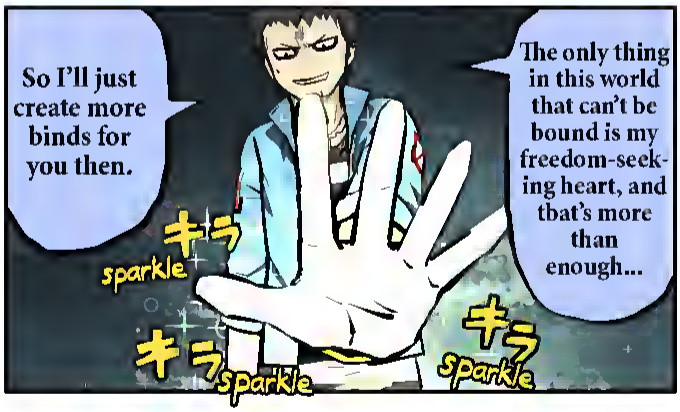
A Heart That Can't Be Bound



I'm leaving for Tokyo...!!
I don't wanna be bound by this family's decisions or the stupid old customs of this town anymore...!!
Ta... Takashi...!!



So I'll just create more binds for you then.
The only thing in this world that can't be bound is my freedom-seeking heart, and that's more than enough...
